**Re: Art Gallery of Algoma Request for Bridge Financing for Capital Improvements**

The attached letter from the Art Gallery of Algoma is requesting bridge financing of \$118,000 to pay an outstanding invoice relating to capital improvements. The Art Gallery will be reimbursed under a grant agreement from the Cultural Spaces Canada Program. The Art Gallery expects to repay the City no later than January 31, 2009 since they must first pay the contractor and then apply for the grant payment.

The Art Gallery is currently undertaking a \$419,350 capital improvement program that includes exterior building repairs, interior renovations, a new HVAC system, electrical upgrades, windows, new gallery track lighting fixtures, exterior lighting fixtures plus other related items. The project is 95% completed and no other financing requests are anticipated.

Major funding partners are Cultural Spaces Canada for \$214,000 and the Ontario Ministry of Culture for \$170,000.

The City provided the Art Gallery with an operating grant of \$144,300 in 2008.

**Recommendation**

City Council approve interest free bridge financing of \$118,000 for capital improvements at the Art Gallery of Algoma with repayment to the City by no later than January 31, 2009.

Mayor and Council  
The Corporation of the City of Sault Ste. Marie  
99 Foster Drive, P.O. Box 580  
Sault Ste. Marie, ON  
P6A 5N1

Dear Mayor and City Council,

The Art Gallery of Algoma is requesting that the Corporation of the City of Sault Ste. Marie assist the Gallery Revitalization Project by providing short term Bridge Financing in the amount of \$118,000.

This bridge financing is necessary to cover a portion of the guaranteed reimbursement from the Department of Canadian Heritage - Cultural Spaces Grant. The Department of Canadian Heritage has signed a contract with the gallery guaranteeing that they will contribute 52% of eligible expenses for the project. The complete eligible project costs are \$395,132.00

The project is 95% complete, and currently has an outstanding invoice of \$118,000 from our major contractor which has come due. Due to the timing of the grant reimbursement process we have a short term funding gap to cover this invoice.

We are requesting \$118,000 in short term bridge financing to be repaid no later than January 31st, 2009.

Our Contractor has stated that this draw is now due, and we should be aware of the threat of liens from contracted trades. The Art Gallery is doing its utmost to address these budget issues in a timely manner.

A copy of the Department of Canadian Heritage contact outlining their contribution is attached for your information.

We thank the City for continuing support of the Gallery, and respectfully ask for your assistance with this bridge financing.

Sincerely,

Len Scramstad  
Treasurer - Art Gallery of Algoma

**Re: Review of the Provincial-Municipal Fiscal Relationships,  
Infrastructure and the Delivery of Human Services**

On Friday morning (October 31, 2008), the Premier released a report which sets out the consensus that was achieved by the Provincial government, AMO and the City of Toronto, through a 2-year review of the Provincial-Municipal arrangements. This review included fiscal relationships, infrastructure and the delivery of human services.

The consensus aims to achieve a vision that the Province and Ontario municipalities share: an economically strong and competitive Ontario, offering a high quality of life to all of its residents with service being provided by the two levels of government partnered together.

While the announcements made this morning form only the first installment of what is expected to be more future changes, it can be said of the fiscal outcome of the review that we have turned the page on the funding of social programs. All major social benefit programs are being removed from the property tax base over a phased in period of time.

While a further report will be provided to Council once specific details are received by staff, the following is pointed out:

- starting in 2010, the Province will upload the municipal costs of Ontario Works benefits over a 9 year period (it is expected that this will amount to about 3%).
- the cost of administration of Ontario Works will continue to be shared on a 50-50 basis.

- the Province will work with municipalities to recommend principles for revising the approach to funding Ontario Works administration and opportunities to simplify and strengthen accountability.
- starting in 2009, the benefit to each municipality will be calculated considering both the Ontario Municipal Partnership Fund (OMPF) grant, plus the value of the uploads of the Ontario Disability Program (ODSP), the Ontario Drug Benefit (ODB) Program and the Ontario Works benefits all as compared to the March 2007 OMPF base grants.
- in 2009, the Province guarantees that the combined benefit of a municipality's savings from the ODB and ODSP administration uploads and its 2009 OMPF revenues will not be lower than its 2007 OMPF allocation.
- starting in 2012, the Province will upload municipal costs for court security (including offender transportation) by an equal amount each year over 7 years, to a maximum of over \$125 million annually at maturity.

As I mentioned earlier, this appears to be the first installment of changes which will be made to the Provincial/Municipal relationship. All parties have committed to working together in the future and acknowledge that there is only one taxpayer who expects all levels of government to make the most of any taxes which are paid for public services. Included in future discussions will be the development of options regarding responsibilities and funding arrangements for roads and bridges and other municipal infrastructure.

This is provided as interim information at this point in time. More detail will be provided as it is received from the Province with the appropriate analysis done by City staff.

Yours truly,

Joseph M. Fratesi  
Chief Administrative Officer

Dear Chief Davies:

Within their 2008 budget, the federal government committed to funding additional police officers in communities across Canada over the next five years through their Police Officers Recruitment Fund. I am pleased to inform you that **Sault Ste. Marie Police Service** has been notionally allocated up to **One** officer under this initiative. Officers hired under this program must be in addition to your service's number of sworn officers as of, and retroactive to, April 1, 2008. To facilitate implementation, for the first two years of the program overtime expenditures from April 1, 2008 to March 31, 2010 for new and existing officers, may be used to supplement your claim as necessary.

Attached, you will find a **Confirmation Form** to be submitted and signed by the appropriate representative of your Police Services Board/Band Council and to be returned to the ministry by **November 21, 2008**.

**Re: Zoning Application #A-08-08-Z**

We the undersigned object to the proposed rezoning in the above noted application requested by D. Urso Surveying Ltd. We are opposed due to the following reasons:

1. Rezoning this property from R2, single detached residential to R3 (low density residential) and R4 (medium density residential) will decrease the value of our single family homes in this neighbourhood.
2. Increased traffic due to the resulting higher population density and due to visitors to the apartments will increase noise levels and will negatively impact the quality of life currently available on our quiet street.
3. East Balfour and Wilding Avenue are currently not paved, have ditches and there are no sidewalks on East Balfour. Therefore we feel that this service class is not conducive to the type of development proposed in this type of application.
4. It should also be noted that based on information supplied by the Planning Department the property in question had been rezoned to R2 in 2005 when lots were severed from this parcel.
