Issuing of 2009 Ontario Municipal Partnership Fund Allocation Notices

Issue: The Ministry of Finance and the Ministry of Municipal Affairs and Housing are announcing details of Ontario Municipal Partnership Fund (OMPF) allocations for 2009.

Background:

Today, the Ministries of Finance and Municipal Affairs and Housing wrote to Heads of Council and Treasurers with interim estimates of individual municipal allocations for 2009, focusing on the "Combined Benefit Stable Funding Guarantee". These notices will be followed by a second release of more detailed allocations for 2009 in mid-December.

As part of the Provincial-Municipal Fiscal and Service Delivery Review, AMO was able to secure a further extension of the stable funding guarantee for municipalities in 2009. For 2009, this guarantee is called the "Combined Benefit Stable Funding Guarantee". A similar guarantee (known at times as "Additional One-Time Special Assistance") has been in place since the 2005 transition from the Community Reinvestment Fund to the OMPF. It has been provided on an annual basis at the government's discretion.

At this time, the government is signaling that the one-time assistance that has been offered annually each year since 2005 will cease starting in 2010. AMO's advocacy for the preservation of the stable funding guarantee in future years will continue throughout 2009.

The uploading of the Ontario Drug Benefit, the Ontario Disability Support Plan, and Ontario Works benefits will see municipal costs decrease. This will affect municipal eligibility for the Social Programs Grant Component of the OMPF.

All other components of the OMPF are not affected. Grants for Equalization, Northern and Rural Communities, and Police Services will continue to function in response to conditions in each municipality. The mid-December allocation notices will incorporate the new MPAC property value assessment as well as any changes to policing costs.

Additional details and copies of the letters are available at www.fin.gov.on.ca

How to keep Federal Gas Tax Money Flowing & AMO Policy Update Sessions

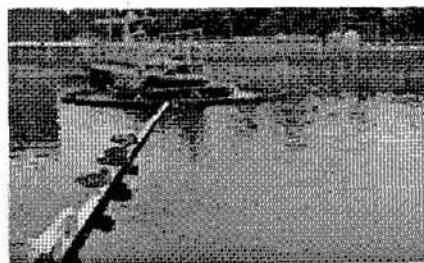

Federal Gas Tax:2009 is the fourth year of long term predictable funding. Did you know it is also the year **your municipality** agreed to implement a long term capital investment plan in time for the 2010 municipal fiscal year?

What's Happened So Far: Municipal treasury staff have started the work through efforts to comply with the new PSAB reporting requirements for 2009.

What Has To Be Done Now: CAOs and Councils must now begin the process of understanding the implications of the Gas Tax Agreement and meeting PSAB standards for both the 2009 capital and operating budgets. *Surpluses and deficits will no longer be viewed the same way!*

How To Start? CAOs and Councillors attend AMO's one-day session designed to help begin the process to meet compliance through their own locally designed plans. *This is not a technical session*, but an interactive session specifically designed for Councillors and CAOs to learn together so that they can properly appreciate the Federal Gas Tax Agreement requirements and understand how to interpret the additional information that PSAB compliance will provide to them and to the public.

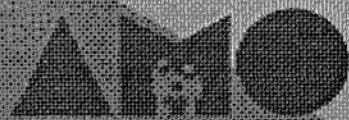

PLUS: Senior AMO policy staff will be providing an update on AMO Policy including the Provincial-Municipal Fiscal Service Delivery Review.

Cost for this session is \$50/person.

Municipal Collection of Federal Payments In Lieu of Taxes – FCM Update

Issue:

Below is information provided by the Federation of Canadian Municipalities (FCM) on legal issues affecting the ability of municipalities to collect Payments In Lieu of Taxes (PILTs) for properties owned by the federal government and its Crown corporations.

Background:

Two recent Federal Court rulings involving the City of Montreal carry significant implications. If your municipality receives federal PILT payments, it should review these rulings and see FCM's detailed analysis at www.fcm.ca/en/PILTs. The federal government is constitutionally exempt from paying property taxes, but under the *Payments in Lieu of Taxes Act* (PILT Act), the federal government and its Crown corporations are expected to pay for municipal services just as an equivalent private property owner would. Municipalities, large and small, count on PILT payments to balance their budgets, and some municipalities depend on PILTs for more than 80 per cent of their revenues.

Current Status:

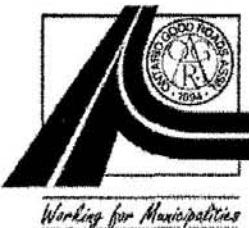

In summer 2007, the Federal Court released three decisions favouring the City of Montreal in PILT disputes with the federal government and two of its Crown Corporations. The cases involved the federally-owned Montreal-Pierre Elliott Trudeau International Airport, the CBC, and the Montreal Port Authority.

The federal government opted not to appeal the case involving Montreal-Trudeau Airport, but the CBC and the Montreal Port Authority appealed their cases to the Federal Court of Appeal. The Court reversed the previous rulings and found in favour of the Crown corporations. In its ruling, the Court gave Crown corporations broad powers to determine their own tax rates. The Court's only condition was that the federal property owner choose a rate that is "reasonable," a highly unpredictable guideline that will likely fuel further challenges in the future. Montreal has since indicated that it will seek leave to appeal to the Supreme Court of Canada.

This ruling undermines the fundamental right of municipalities to establish and implement their own local tax rates, and makes future PILT payments for cash-strapped municipalities less stable and predictable. FCM is supporting the City of Montreal in its application to appeal before the Supreme Court. Future updates will be provided to FCM members on the status of this legal effort, as well as advocacy strategies to ensure action is taken on the political front to protect municipal interest in the PILT system.

For more information, please contact Talusier LaSalle of FCM at tiasalle@fcm.ca, or 613-907-6243.

Judy McGonigal has been a strong advocate for the preservation of arts, culture, and heritage in our community. Judy has been a member of the Historic Sites Board since 2004. During this time she has played an active role in the 2005/2006 Ermatinger-Clergue National Historic Site restoration and interpretation project and continually assists with heritage workshops, re-enactments, restoration, collections, etc. Judy is also involved with the War 1812 Bi-Centennial Regional Working Group, and sits on many of the sub-committees working towards the events and celebrations of 2012 to 2014.

Ms. McGonigal's contributions have been expressed in a number of ways and include, but are certainly not limited to, the following:

- Historic Sites Board Member
- Curator, Sault Ste. Marie Museum from 1988 to 1998, and current member
- Member and Past President, Ontario Historical Society
- Member, Voyageur Heritage Network
- Volunteer, Sault Ste. Marie Library Archives and Friends of the Public Library

Judy's contributions and tireless efforts have been a great benefit to culture in our community. Her efforts in spearheading the documentation and cataloguing of the more than 35,000 archives and artifacts at the Sault Ste. Through her workshops, Judy has taught many people of all ages the art of basket weaving and other heritage crafts. Her involvement with many festivals and events has brought together cultures of the past and present for the education and enjoyment of others. Judy constantly strives to keep the many organizations she is involved with mindful that each opportunity, festival, workshop, or tourist visit can be celebrated as a "teachable moment" reflecting on our community's heritage.

Although retired, Ms. McGonigal is dedicated to volunteering her time with more than nine area museums, libraries, and agencies. Her knowledge of and commitment to the preservation, protection, and interpretation of local heritage and culture has contributed to our community immeasurably.

GAIL NELSON

Gail Nelson is dedicated to promoting a variety of cultural activities in Sault Ste. Marie. She is presently an Advisory Board member of the Arts Council of Sault Ste. Marie & District, and Publicity Chair for the Sault Theatre Workshop and Stage 1. Ms. Nelson is a walking, talking champion of the arts. She is a volunteer for many cultural events in Sault Ste. Marie. You will see her ushering at Fall Festival events, Family Life Theatre, etc., and behind the counter or helping in the box office for Sault Theatre Workshop productions.

Every month you can find Ms. Nelson hand delivering the Arts Council's magazine *ARTiculation* throughout the downtown core. This is after she has dedicated hours to proofreading the magazine, calling volunteers to assemble it, and delivering copies to the post office for mailing. She is in the office daily to proofread, do banking, send out public service announcements for a variety of community groups, and doing anything required to help arts organizations in the community to run efficiently. This includes putting up posters (sometimes for three different groups at the same time) throughout downtown. Gail is very vocal in her commitment to the Arts and is always letting you

Re: Gateway Project Update

The last update to Council was on July 7, 2008. At the time, Council was informed of the meeting with CCI and the approach to be taken by the Developer in preparation of refining the land use components, program development and assessment of a business case scenario in carrying out a major tourism attraction. Council was advised that to achieve this, it would be necessary to also update the current land use appraisal prepared by the City. Given the importance of developing a more complete business / financial plan, the timeframe for the development to proceed was extended to year end.

Staff was in contact with CCI frequently over this period of time and the group continued its' efforts to finalize the needed information to complete the development proposal.

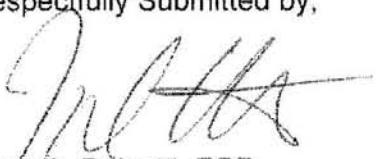

Most recently, staff received a letter from the developer (see attached) stating that, in light of current economic and credit world-market conditions, there lacks interest to bring forward the project. They have decided therefore, not to pursue the acquisition and redevelopment of the Gateway site at this time.

The Gateway Committee met on November 14/08 to review next steps given the position of CCI. After some discussion the Committee decided to maintain efforts in securing potential proponents and to accept EDC's interest in furthering contacts. The Committee felt that a six month time frame would be appropriate. As well, it was felt important to demonstrate to the Province, the need to maintain the Northern Ontario Heritage Fund contribution to the tourism project of up to \$15 million.

Recommendation

It is the recommendation of the Gateway Project Committee that Council accepts EDC's interest to continue efforts in securing potential proponents over the course of six months (June 2009), and that EDC provide a task oriented update to the Gateway Committee by mid-January 2009 and regular status updates to Council as required.

Dear Mr. Dolcetti:

RE: Gateway Site, Sault Ste. Marie

We regret to inform you that we have decided not to pursue the acquisition and redevelopment of the Gateway Site at this time. We remain convinced that the Gateway Site will ultimately accommodate a showcase development for the City of Sault Ste. Marie. However, after exploring potential interest for a number of the identified components of the redevelopment of the site, and in light of current economic and credit market circumstances, we are not in a position to move ahead with negotiations with the City to purchase the property.

We wish you success in ultimately getting the property successfully redeveloped.

RE: SNOW BUS to Searchmont and Buttermilk

Dear Mayor Rowswell and Members of Council,

We are writing with regard to the recent letter from Don Scott, Transit Manager, to council recommending that the City's transit division no longer provide charter service to Buttermilk and Searchmont Ski Resorts. If this recommendation were to be endorsed by City Council it would be a devastating set back to this community's continued efforts to slow youth out migration, build youth pride in our community, and attract our out migrated youth back to the Sault. We strongly urge you to consider this issue very carefully and do what you can to protect this valuable service that is strongly utilized by our youth.

We know first hand it is difficult to find budget, staff, volunteers, and willpower to enhance our social development programs for youth in this community and losing this valuable service would be a step backwards.

The two winter destinations that have been serviced by the Snow Bus are two of the best in Canada and just happened to be outside of the city limits which make getting there difficult for our youth. The Snow Bus has filled a gap in social service and has definitely improved the quality of life for our youth. We notice Mr. Scott did not cite ridership as an issue with this service and from what we know it has been well used.

It is also not a stretch of the imagination to think that the two resorts will suffer because of this reduction in service. The ripple effect of cancelling this service could be severe - especially to our youth.

In summary, we urge you and council not to cancel this vital service that has been a benefit to our youth in the past. To do so would go directly against the intent of this "Year of the Youth."

If there is anything further we can provide or assist with, please contact us at your convenience.

Sincerely,
